**MEMORANDUM FOR: Assistant Deputy Director for Support**

**SUBJECT: Vehicle Purchase Limitations**

1. You left with me a draft memorandum from the Director of Finance concerning the purchase of a limousine for the Agency. As we discussed with Mr. Fuchs when he raised the question orally, he has made no distribution in case changes are wanted in the language. I would suggest that if Mr. Fuchs wishes to press the inquiry he address his memorandum directly to the General Counsel and merely request a legal opinion, which in effect this office has given him.
